A few things I've learned in life

1. just because they are older, that doesn't mean they are better than you
2. just because they are older does not make them "more right" than you
3. Always listen to the other side of the story
4. Diffusing situations with comedy works a lot of the time, but sometimes it doesn't
5. Its okay to cry for someone, to cry at funerals, to cry because something is sad. Crying doesn't make you weak it makes you human
6. But also not crying is fine too
7. some people will just not like you, its not always your fault and sometimes you can't fix it
8. Everyone has a story, if you look at everyone like book you haven't read yet then life becomes far more interesting
